Cash, MMF and Deposits- Bank deposits are held at (1) Morgan Stanley Bank, N.A. and/or Morgan Stanley Private Bank, National Association, affiliates of Morgan Stanley Smith Barney, LLC, or (2) Citibank, N.A., each FDIC members. Deposits are eligible for FDIC insurance up to applicable limits and in accordance with FDIC rules.

Fixed Income- Bond prices are typically updated on a daily basis through an overnight batch feed, therefore prices do not reflect current intra-day values. Prices displayed in the official account statement may differ from the prices utilized in this material due to, among other things, the use of different reporting methods, date of the report, rounding, delays, market conditions and interruptions. For floating rate securities, the accrued interest is an estimate based on the current floating coupon rate and may not reflect historic rates within the accrual period.

Certificates of Deposit- CDs are insured by the FDIC, an independent agency of the U.S. Government, up to a maximum amount of \$250,000 (including principal and accrued interest) for all deposits held in the same insurable capacity (e.g. individual account, joint account, IRA etc.) per CD depository. Investors are responsible for monitoring the total amount held with each CD depository. All deposits at a single depository held in the same insurable capacity will be aggregated for purposes of the \$250,000 federal deposit insurance limit, including deposits (such as bank accounts) maintained directly with the depository and CDs of the depository held through Morgan Stanley Smith Barney LLC. A secondary market in CDs may be limited. CDs sold prior to maturity are subject to market risk and therefore investors may receive more or less than the amount invested or the face value. Callable CDs are callable at the sole discretion of the issuer. For more information about FDIC insurance, please visit the FDIC website at [www.fdic.gov](http://www.fdic.gov).

Mutual Funds- Mutual Funds are typically priced daily. The price provided is the previous business day's closing price. The amount of Net Value Increase/ (Decrease) compares your Total Purchases (all purchases less Dividend Re-Investments) with the Market Value of all shares you hold of the fund. This calculation is of informational purposes only, does not reflect your total unrealized gain or loss and should not be used for tax purposes. Please note that we are not able to identify the mutual fund position as Margin "M" if the position balance is made up of shares that are new (less than 30 days old).

Unit Investment Trusts- Unit Investment Securities are typically priced daily. The price provided is the previous day's closing price.

Alternative Investments- Your interests in Alternative Investments may not be held at Morgan Stanley Smith Barney LLC, but may have been purchased through Morgan Stanley Smith Barney LLC, and are not covered by SIPC. The information provided to you: 1) is included solely as a service to you and certain transactions may not be reported; 2) is derived from you or another external source for which Morgan Stanley Smith Barney LLC is not responsible, and may have been modified to take into consideration capital calls or distributions to the extent applicable; 3) may not reflect actual shares, share prices or values; 4) may include invested or distributed amounts in addition to a fair value estimate; and 5) should not be relied upon for tax reporting purposes. Alternative Investments are illiquid and may not be valued daily, therefore the estimated valuation provided will be as of the most recent date available. No representation is made that the valuation is a market value or that the interest could be liquidated at this value. Morgan Stanley Smith Barney LLC is not required to take any action with respect to your investment unless valid instructions are received from you in a timely manner. Some positions reflected above may not represent interests in the fund, but rather redemption proceeds withheld by the issuer pending final valuations which are not subject to the investment performance of the fund and may or may not accrue interest for the length of the withholding.

Annuities/Insurance Products- Insurance and Annuity products and values are displayed for informational purposes only. Values reflect in force Insurance purchased through Morgan Stanley Smith Barney LLC in conjunction with its licensed insurance agency affiliates as of date shown as reported by the Insurance carrier. Amounts shown may be subject to surrender and other contract charges. Invested premium is defined as either the original purchase price plus additions, minus withdrawals or principal withdrawals. Display of insurance or annuity products on the Morgan Stanley Smith Barney LLC account statement does not confer or imply ownership or beneficial interest on the part of the account holder. All ownership, rights, benefits and payments are controlled by the contract between the insurance company and the contract owner as shown on your policy copy. Annuitized information as provided by the insurance carrier reflects the value of the last payment made as per your instructions and does not imply that the funds were re-deposited into a Morgan Stanley Smith Barney LLC account and is provided for informational purposes only. Surrendered or annuitized policies will not appear as assets on this statement.

Exchange Traded Funds/Stock/Option Pricing- Current prices are available for Exchange Traded Funds, Stocks and Options only. All other current pricing reflects the most recently available price for that security. For example, Mutual Fund current prices are the most recent business day's Net Asset Value.

Risk/Ratings- Research Ratings may be displayed for certain securities. Neither Morgan Stanley nor Morningstar, Inc. uses the rating system displayed. For ease of comparison, we have normalized their ratings so that (1) = Buy, (2) = Hold, and (3) = Sell. **You should not infer the investment risks or profile of any security from these ratings but refer to the research reports for a complete description of the research provider's rating system, rating and views on the security.**
